# Naturo™

BY MYDEK

All the beauty of wood....  
All the benefits of aluminium...

Naturo by **MyDek** captures the charm of natural timber with the safety and durability of our aluminium deckboards. Naturo uses an advanced process to infuse the beautiful woodgrain pattern into the surface of the boards coating.

The result? All the beauty of natural timber with all the benefits of durable and non-combustible aluminium

Naturo's unique patterns will stand the test of time. Non-combustible, low maintenance, and will never warp, buckle or rot.

Naturo by **MyDek** brings all the beauty of natural timber to your deck, without the risks.

**MyDek.** Make it yours.

## Terrace System

The **MyDek®** SupportRail™ system has been specially designed to meet the latest regulations and provide class-leading adjustability and ease of use.

Virtually tool-free installation means that installing **MyDek®** onto your terrace or inset balcony is rapid and accurate, and with the low SupportRail™ profile you can achieve finished floor levels from 80-300mm above the structural level.

Pedestals are constructed from corrosion-resistant stainless steel with a super-low base plate to allow water run-off, and 35mm of adjustment on every pedestal height option. The SupportRail™ is coated for longevity and pre-drilled at the correct spacing to rapidly fix **MyDek®** boards.

## About MyDek®

The **MyDek** team harnesses a huge range of experience, creativity, passion and drive to make balconies and terraces safe places to be. Drawn from different areas of the construction industry our team brings together extensive knowledge of specification, technical compliance and outstanding innovation to create a non-combustible decking system that delivers on our mantra of Safe. Smart. Sustainable.

**So relax, you're in safe hands.**

### **Safe. Smart. Sustainable.**

Our ethos runs through everything we do. We're passionate to ensure that our products reflect these values and make a significant contribution to residential balconies and terraces as safe and enjoyable places.

The philosophy that supports all our products

Safe.

Smart.

Sustainable.
