## INSTALLATION (KEY POINTS)

- ✓ Vista Decking Board
- ✓ BoxRail and Cleat Support Structure

Royal Arsenal Riverside is one of South East London's most exciting riverside addresses. Occupying the prime location along the River Thames and offering a buzzing retail hub, Royal Arsenal Riverside is rapidly emerging as one of London's bright spots. With the on-site Elizabeth Line station, an on-site Thames Clipper Pier, plus both the National Rail and DLR stations only 300m away, Royal Arsenal Riverside is one of the best-connected developments in South East London.

## SPECIFIC PROJECT CHALLENGES

We had to install the decking through long stretches and get expansion joints fitted. We also went on to install access hatches throughout.

## WHAT THE CLIENT TOLD US

“Yes, I would recommend MyDek to others. It's been a good service and it's a good product”

**Brian Oakley**  
Project Manager  
Berkeley Homes East Kent

## PRODUCTS INSTALLED

### Vista

Solid, uncompromising and with a classic sleek appearance, the Vista board is chosen by customers that want superb quality, great value and outstanding performance.

[More Information](#)

### BoxRail System

Virtually tool-free installation means that fitting the MyDek® System onto your terrace or inset balcony is rapid and accurate, and with the super-low SupportRail™ profile you can achieve finished floor levels from 60-200mm above the structural level.

## Why work with MyDek?

The **MyDek** team harnesses a huge range of experience, creativity, passion and drive to make balconies and terraces safe places to be. Drawn from different areas of the construction industry our team brings together extensive knowledge of specification, technical compliance and outstanding innovation to create a non-combustible decking system that delivers on our mantra of Safe. Smart. Sustainable. **So relax, you're in safe hands.**

### Safe. Smart. Sustainable.

Our ethos runs through everything we do. We're passionate to ensure that our products reflect these values and make a significant contribution to residential balconies and terraces as safe and enjoyable places.

### The philosophy that supports all our products

Safe.

Smart.

Sustainable.
